

# Kirami Tub hats

A bathing hat keeps your head warm in cold weather, protects it from pesky insects and contributes to a convivial bathing atmosphere. We recommend that you always wear a bathing hat in winter to keep your head warm and decrease your risk of catching an illness. In the sauna, a bathing hat also protects your hair and scalp from the heat. A bathing hat also makes for an excellent gift! Kirami's bathing hats are made in Finland from artificial felt. Hand wash, pull into shape while wet.

A grey tub hat adorned with cute and pink tufted lynx ears, providing your hot tub experience with an animalistic spin.

## Technical information

WEIGHT	0.14 kg
PRODUCT CODE	KH-LYNXPI

6430036754532

Warmer feelings.
