

## Kirami Step-A-Round steps

### Thermowood

Designed to fit around your hot tub, Step-A-Round steps can be placed next to each other to form a wide and stylish accessway to your hot tub. The steps are delivered pre-assembled, making them quick and easy to install. Step-A-Round steps are designed to fit Kirami's M-sized round hot tubs. The steps are 50 cm high.

The heat-treated pine used in the outer shell is a Finnish alternative for dark-coloured imported wood. ThermoWood is a high-quality, long-lasting material with a warm brown colour that maintains its shape well.
