

Kirami Micu heaters

Micu

The Micu heater is Kirami’s smallest 19 kW external heater for hot tubs. The heater is only suitable for heating small tubs.

All Kirami hot tub heaters are manufactured in our own production facility out of high-quality AlMg3 marine aluminium, which boasts excellent thermal conductivity. Each and every one of our hot tub heaters is pressure tested before going on sale. 120mm chimney is suitable for this heater.
