

## Kirami Original Woody Tiny Dippy

### -no heater- Thermowood

Would you like a dip in refreshing water on a hot day, cool down between sessions in the sauna or enjoy the feeling you get from winter swimming even when the weather is warm? Kirami's dipping tub is the answer. Woody Tiny Dippy has the same gracefully elegant design as Woody Tiny, but it comes without a heater. Enjoy an invigorating dip by yourself or with another!

Woody Tiny Dippy is the smallest hot tub in our range made of solid wood. It is suitable for small, cute yards as well as patios. The size of the hot tub and its new shape make Woody Tiny Dippy perfect for couples or situations where water consumption needs to be kept to a minimum.

The new hot tub model was introduced in early March 2022.
