

# *Experience the sauna – and nature*

*Kirami FinVision® -sauna M Dawn*

A ready-to-use,  
nature-inspired  
sauna with a  
panoramic  
window

**HARVIA**

# *Kirami FinVision® -sauna M Dawn*

Kirami FinVision® -sauna M Dawn is a ready-to-use outdoor sauna for 4-6 people. The full-width front window makes it feel like you're enjoying the sauna in the middle of nature.

- Delivered fully assembled
- Made from thermally modified pine (Thermowood)
- Insulated walls and roof
- Double-glazed front window with tempered thermal glass
- Choose between the fast and powerful Harvia Spirit electric heater, Harvia Cilindro, or Harvia Pro 20 wood-burning heater
- Discreet Unidrain floor drain channels water to the back wall

Argon gas between the two window panes improves insulation. You can enjoy the warmth of the sauna in any weather.

- Excellent insulation ensures efficient performance even in cold conditions

*Natural light and proximity  
to nature create the perfect  
setting for relaxation. Enjoy  
the soothing heat of "löyly"!*

## **SAUNA BENEFITS YOU BY...**

- reducing stress and promoting relaxation
- boosting mood and encouraging positive thinking
- offering a personal escape from the hustle of daily life
- deepening your connection with nature

## **SAUNA ALSO PROVIDES HEALTH BENEFITS BY...**

- supporting heart health
- aiding muscle recovery and reducing pain
- improving skin health and promoting detoxification
- enhancing sleep quality

*You can paint the sauna in any color that suits your environment.*

**Example:  
Sauna painted in a  
Scandinavian  
archipelago  
style**

**Create  
a backyard  
paradise with  
Kirami's  
high-quality  
products**

# Heater options

## Harvia Spirit

A high-quality electric design heater, designed and manufactured in Finland. In addition to providing an excellent sauna experience, it emphasizes safety and reliability.

## Harvia Cilindro

A modern, fast-heating, and efficient wood-burning pillar heater for medium-sized saunas. The large stone capacity ensures an excellent steam experience.

## Harvia Pro 20

A powerful and stylish wood-burning heater for medium-sized saunas. The large stone capacity ensures soft, abundant steam, while the cast-iron glass door lets you enjoy the calming glow of the fire. Adjustable legs make installation easy. CE BlmSchV 2 certified.
